

| Equipment   | Brand           | Quantity |
|---|-----------------|----------|
| 2 Open Hot Press                                  | Erwei           | 2        |
| 6 Open Subpress                                   | Erwei           | 2        |
| Bench Copper Thickness Gauge for Surface and Hole | Lingshengchuang | 1        |
| Coordinate Measuring Machine                      | Lingshengchuang | 1        |
| Quadratic Measuring Machine                       | Lingshengchuang | 1        |
| Metallurgical Microscope                          | Lingshengchuang | 2        |
| Tensile Tester                                    | Lingshengchuang | 1        |
| Ion Contamination Tester                          | Lingshengchuang | 1        |
| X-ray Fluorescence Spectrograph (ROHS/Halogen)    | Lingshengchuang | 1        |
| Constant temperature and humidity Controller      | Lingshengchuang | 1        |
| Impedance Tester                                  | Lingshengchuang | 1        |
| Automatic Image Counterpoint LED Exposure Machine | DPOPT           | 1        |
| Appearance Inspection Machine                     | Szkaima         | 1        |
| Laser Marking Machine                             |                 | 2        |
| LDI Resistance Welding Direct Imaging Equipment   | CFMEE           | 1        |
